## SYDNEY MINERAL EXPLORATION DISCUSSION GROUP

# NOTICE OF MEETING

---

- DATE:** Thursday 3<sup>rd</sup> August 2006 - 5.30pm for 6pm
- VENUE:** 3rd Floor, Rugby Club, Rugby (Crane) Place, Sydney
- SPEAKER:** Malcolm Norris
- TOPIC:** "Mineral Exploration in the Philippines  
and the Tampakan Cu-Au deposit"

The Philippines is well endowed in copper, gold and other minerals and has historically had a proud mining heritage. However in recent years very few new mines have been developed. With the current commodities boom, the level of mineral exploration in the Philippines has increased and this presentation will touch briefly on the state of the exploration industry, and then specifically cover the world class Tampakan Cu-Au deposit.

Malcolm Norris; currently General Manager - Exploration and Business Development with Indophil Resources NL. Indophil Resources has a portfolio of projects in the Philippines. It is now looking to grow that portfolio through the SE Asia - Australasia region.

This talk will be an expansion and more technically biased continuation of a talk that Malcolm Norris is giving at the Sydney Mining Club at lunchtime on the same day. For information on the lunchtime talk please see the Mining Club web site. <http://www.sydneyminingclub.org>

**Web page:** Check the SMEDG web page for more details <http://smedg.org.au>
