SYDNEY MINERAL EXPLORATION DISCUSSION GROUP

NOTICE OF MEETING

DATE: Thursday 23rd November 2000 - 5.30pm for 6pm

VENUE: 1st Floor, Rugby Club, Rugby (Crane) Place, Sydney

SPEAKER: Angus Collins, Triako Resources Ltd.

TOPIC: "Update on the Mineral Hill Mine, Condobolin NSW"

Triako's exploration approach to the Mineral Hill operation and region has been:

- secure feed for the mill (copper, gold)
- explore the Mineral Hill system for further base and precious metal deposits, large and small
- acquire a substantial contiguous landholding in the region and explore for standalone deposits and satellite feed for the mill.

Developments in the understanding of the structure, stratigraphy and mineralisation at Mineral Hill will be reviewed. The recently announced copper, silver, gold resource at Parkers Hill will be described together with the exploration history.

Angus Collins became associated with Triako Resources in May 1996 as a consultant, and was then appointed General Manager Exploration in 1997 and Chief Executive Officer on 7 November this year. Prior to joining Triako he worked for Pancontinental Mining and Union Miniere.

Future talks: 25th January - Kit Lee - Overview of Exploration and Mining in China
22nd February - Wilson Gewargis - The Mineral Potential of Oman
22nd March - Frank Greene - Nagambie Gold Mine Victoria

Xmas cruise: The SMEDG-AIG Xmas cruise will be on the last Friday before Xmas, 22nd December. See the attached flyer.
