

NSW Mineral Exploration & Investment 2005 Conference

1-2 September 2005

Four Seasons Hotel, 199 George Street, Sydney, NSW, Australia

New South Wales is a major Australian producer of coal, gold, base metals and other minerals and mineral products. With exciting developments in metals, coal and gas, the future outlook for the State's minerals industry is very bright.

This major biennial two day conference will feature the latest information on exploration initiatives, project developments and investment opportunities.

Day 1 - Exploring in NSW

- Keynote Address: Mr Ian Johnson, Chairman, Newcrest Mining Ltd; 'Newcrest and its ongoing commitment to NSW'
- NSW Government's A\$30 million 'Exploration NSW' initiative – creating a premier geoscience framework for exploration investment
- Petroleum and coal bed methane exploration advances
- Exploration breakthroughs and developments – Cobar, Broken Hill, Murray Basin, Hillgrove and Braidwood

Day 2 - Projects and Investing in NSW

- Keynote Address: Mr Tony Haggarty, Managing Director, Excel Mining Ltd; 'Minnow to Major – Excel's investment in NSW'
- Promoting and funding mining projects
- Mineral resource, gas and power developments
- Development potential at major mining projects – Cowal, Tritton, Northparkes, Endeavor and Hera

A NSW Minerals Industry Exhibition will be held at the conference venue.

Conference registration is available for both days (A\$545) or for a single day (A\$325). Prices include GST.

Registration includes conference information package, morning and afternoon teas, lunch and conference drinks reception.
