# The new MinView

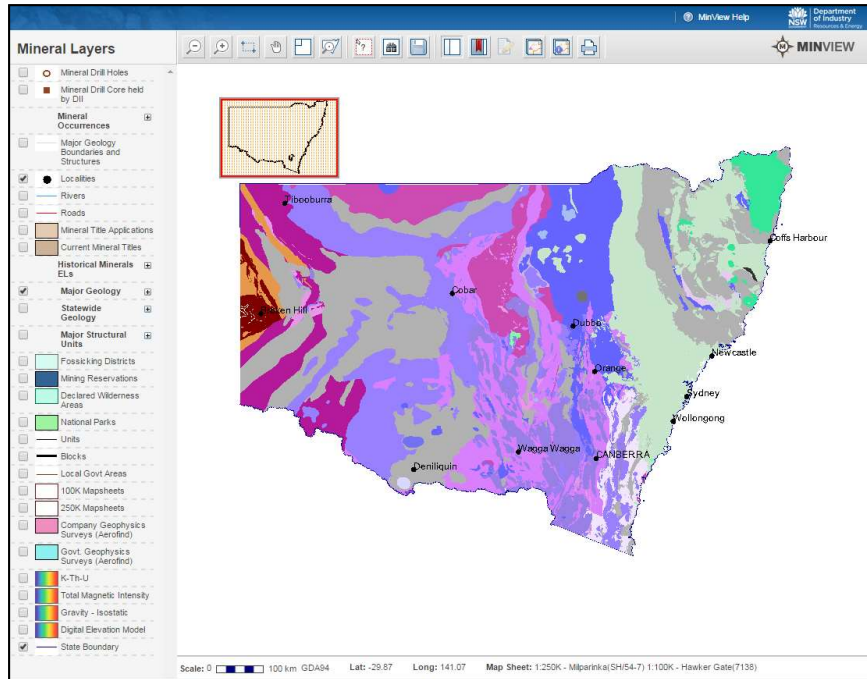

Kevin Capnerhurst

Geologist, Geoscience Data Management & Delivery

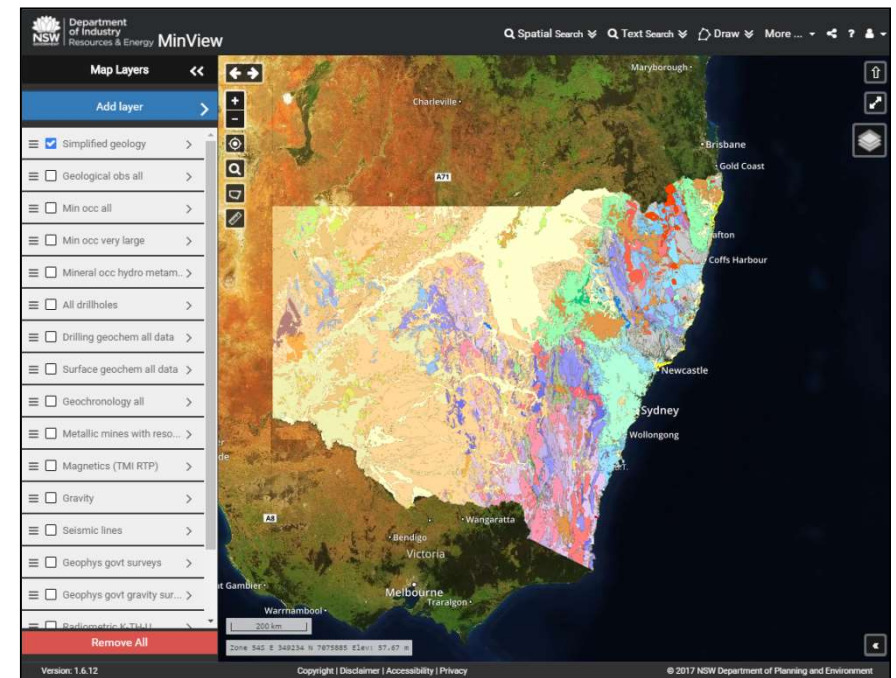

# MinView – system upgrade

MinView V 2.0

*To be decommissioned Sept 2017*

MinView V 3.0

*Released July 2017*

17 August, 2017  
CWEDG Parkes

Planning &  
Environment

# MinView: evolution of data delivery

*“Easy public access to all validated non-confidential geoscientific and supportive reference data stored by the GSNSW from a single web map interface”*

2017

MinView v3.0

# MinView

2012

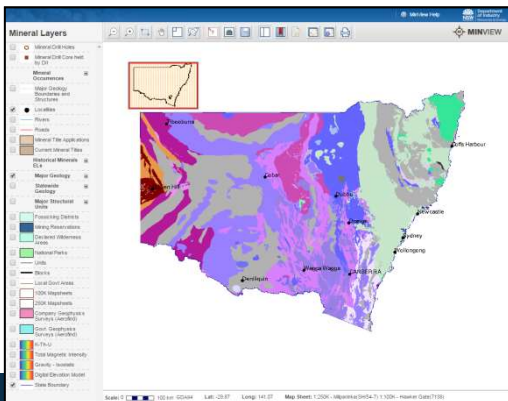

Geoscientific Data Warehouse +  
Google Earth

Google earth

2008

MinView v2.0

17 August, 2017  
CWEDG Parkes

Planning &  
Environment

# MinView – continuity of features

## Will continue to provide:

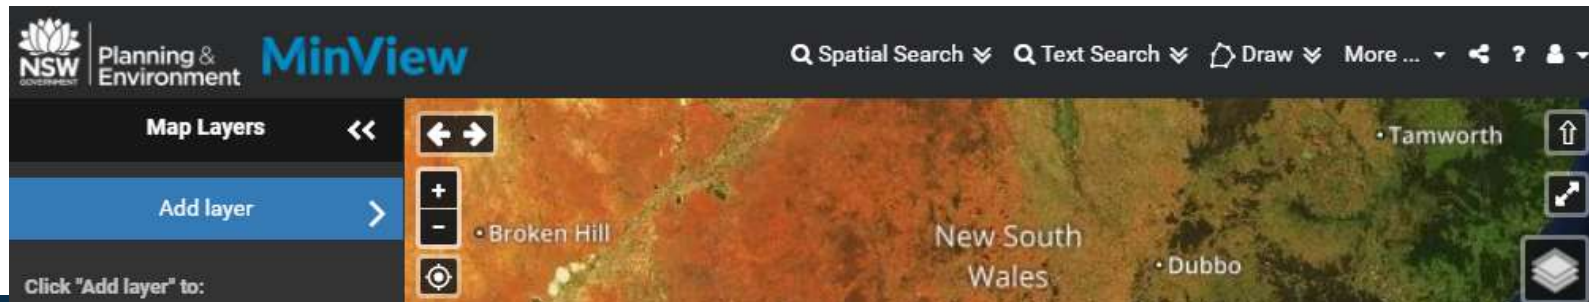

- Text & spatial queries
- Data downloads
- Alerts for title changes or imminent expiry
- Bookmarks for views worth saving
- Links to DiGs
- Printing

## + Also has:

- Map annotation tools
- 3D viewing option
- Full GSNSW data set downloads
- Access to many more layers
- Variety of base maps
- Ability to share views
- Layer transparency

**BUT can no longer apply for titles**

Refer to the new 'Resources Customer Portal'

# MinView: expanded range of data

**MinView v3.0 is...**

**an interactive web map to Discover, Visualise and Download**

## Geoscience

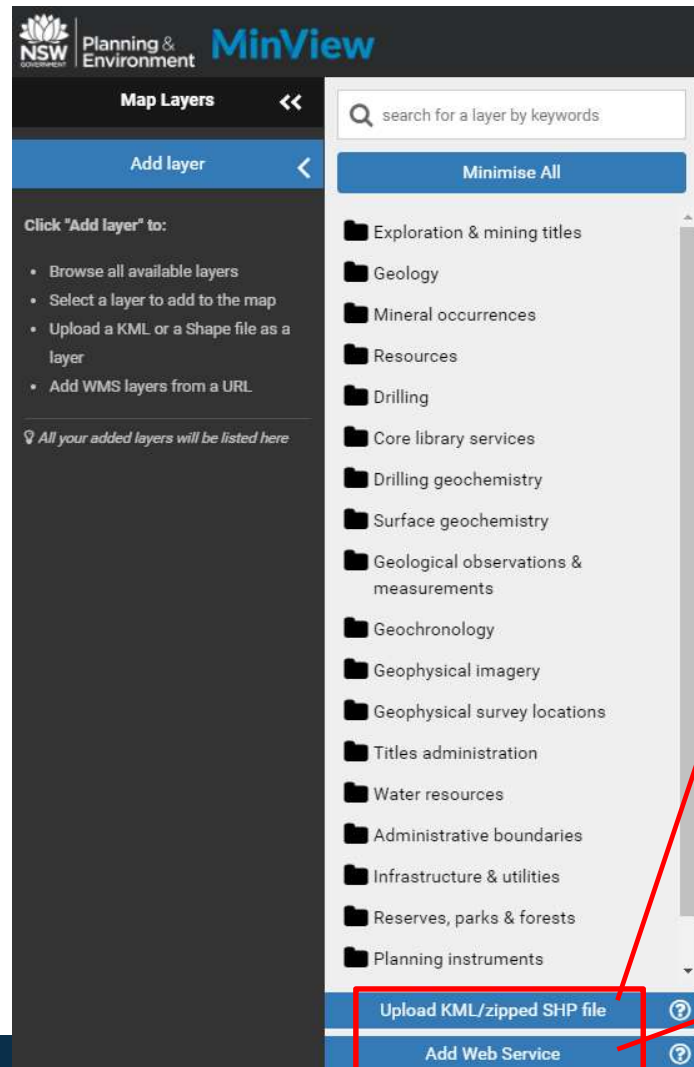

Geological mapping data  
Field observations  
Drilling information  
Mineral occurrences  
Geochemistry  
Geochronology  
Petrography  
Fossils  
Geophysics

## Reference data

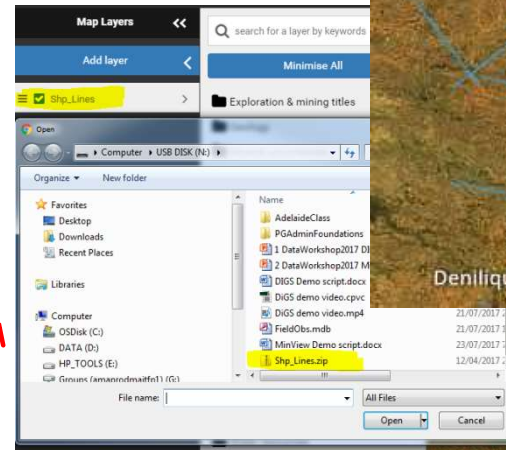

Titles  
Base imagery  
Topographic base maps  
Administrative boundaries  
Infrastructure & Utilities  
Reserves, Parks & Forests  
Planning Instruments

**Links** to DIGS exploration reports, hyperspectral data, core library sample results

# What other data is in MinView?

- Your data

- Other data relevant to you
