## **Benefits for Mentees include:**

- Tackle the key issues affecting your career
- Support from more experienced individuals within the industry
- Individualised professional development advice
- Enhanced networking opportunities

The Program is aimed at women working in the resources sector from those who have only a couple of years' experience through to women with twenty or more years. It follows a structured, sustainable mentoring process that includes a comprehensive matching framework conducted by a Registered Psychologist.

Please feel free to share this with colleagues who may be interested in participating in the program, which is open to all women working in the minerals and energy sectors in NSW.

We look forward to welcoming you into the 2019 WIMnet NSW Mentoring Program!
