Join us on Friday 5th February for technical presentation by:

**Dan Wood –
Chasing One's Arm - Discovery of the Cadia deposit, NSW**

Dan Wood is an exploration geologist who graduated with BSc (Hons) and MSc degrees from the University of Queensland, Australia. He retired from corporate mineral exploration in late-2008, after 24 years with BHP and almost 18 years with Newcrest Mining where, from the mid-1990s, he led its exploration team as Executive General Manager Exploration. Newcrest was judged by Metals Economics Group of Canada as the world's most successful gold explorer, 1992-2005.

Drinks will be provided

Covid Requirements:

RSVP is essential to attend this event. Please RSVP to one of the committee members below by 25th January – the venue requires attendance numbers as early as possible.

Attendance numbers are capped due to the room capacity of the venue. If you RSVP and then can not attend, please advise the committee asap, as your place will be offered to the wait list.

Everyone will need to check in at the venue on arrival
