

Renewable Energy and Pejoratives Pt 6

WTF does 'pejorative' mean??

Here's a definition from Macquarie dictionary

pejorative /pə'jɒrətɪv/, *adj.* 1. deprecatory. 2. having a disparaging force, as certain derivative word forms. *-n.* 3. a pejorative form or word, as *poetaster*. [L *pējōrātus*, pp., having been made worse + *-IVE*] – **pejoratively**, *adv.*

It is easy to use pejorative words to describe renewable energy; EXAMPLES:
"most of what he said was inflammatory and filled with pejoratives"; : a word or phrase that has negative connotations or is intended to [disparage](#) or belittle :

HERE ARE A FEW PEJORATIVE PHRASES OR WORDS
WE WILL BE USING IN FOLLOWING PAGES TO
DESCRIBE RENEWABLE ENERGY

No guts

No stomach

Dilute

Weak as . . .

Subsidy farms

Believe it: There is NO CLIMATE EMERGENCY

Believe it: 'Zero Emissions' = ECONOMIC SUICIDE

Renewable energy and Pejoratives

**Like the goldband snapper,
renewable energy has**

No Guts. .

**It's like drinking a rich,
dark and full-bodied
McLaren Vale shiraz
instead of the pale
lolly water
masquerading as
Beaujolais**

Renewable energy and Pejoratives

The Federal Government occasionally asks for renewable energy operators to show that they can deliver

DISPATCHABLE POWER

RE has NO STOMACH for that. . .

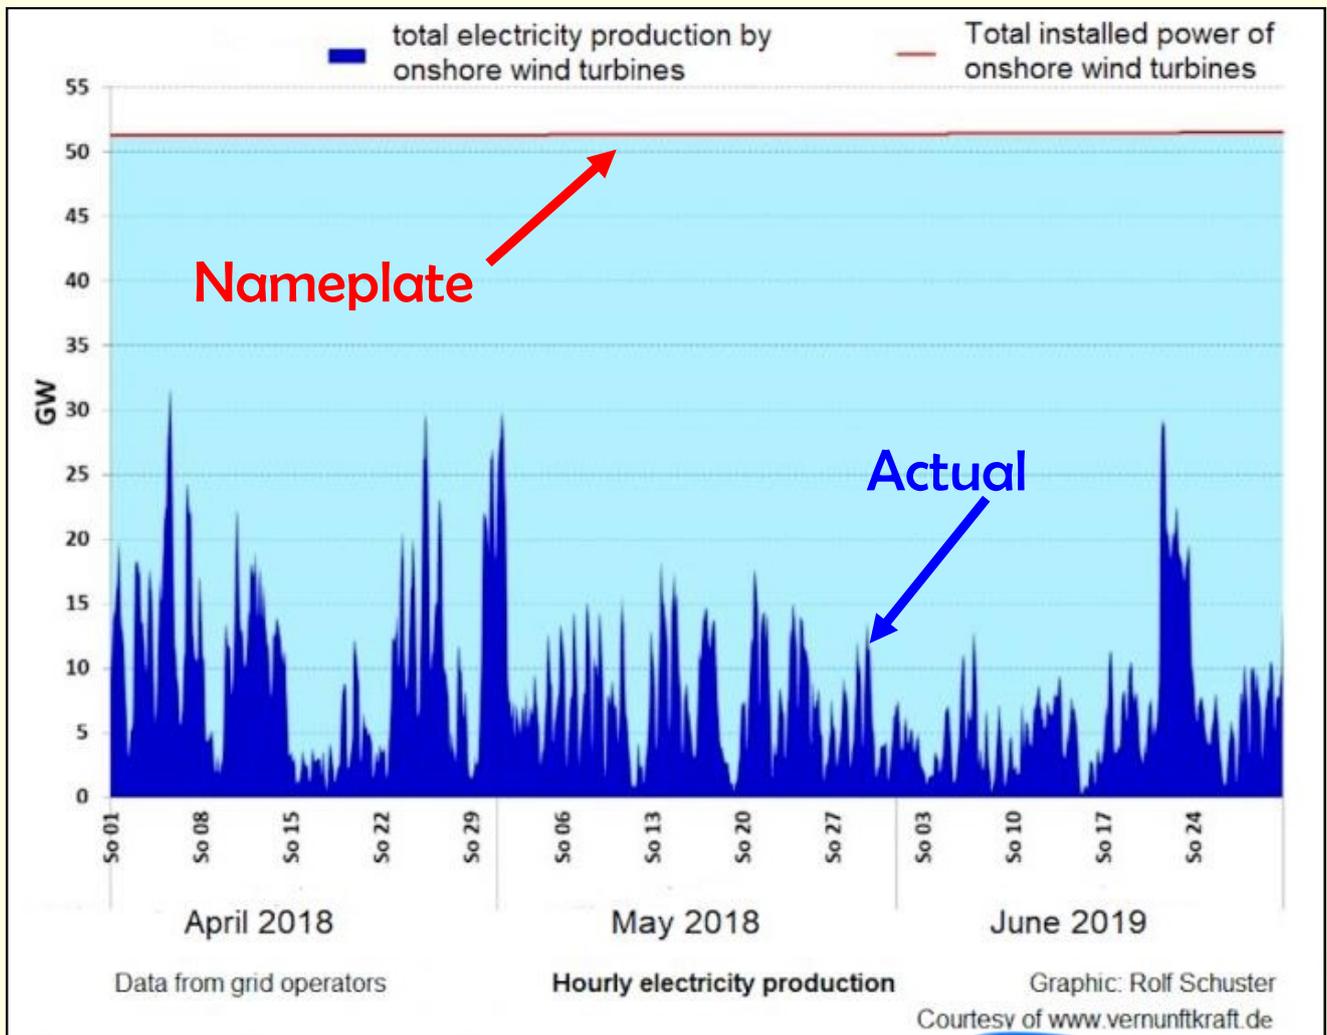

Renewable Energy & Climate Alarmism

Lies, Myths and Legends

Renewable energy and Pejoratives

We say that renewable energy, both wind and solar, are **DILUTE** forms of energy, never reaching their nameplate capacity

e.g. Germany

It's just
weak as. . . .

Renewable energy and Pejoratives

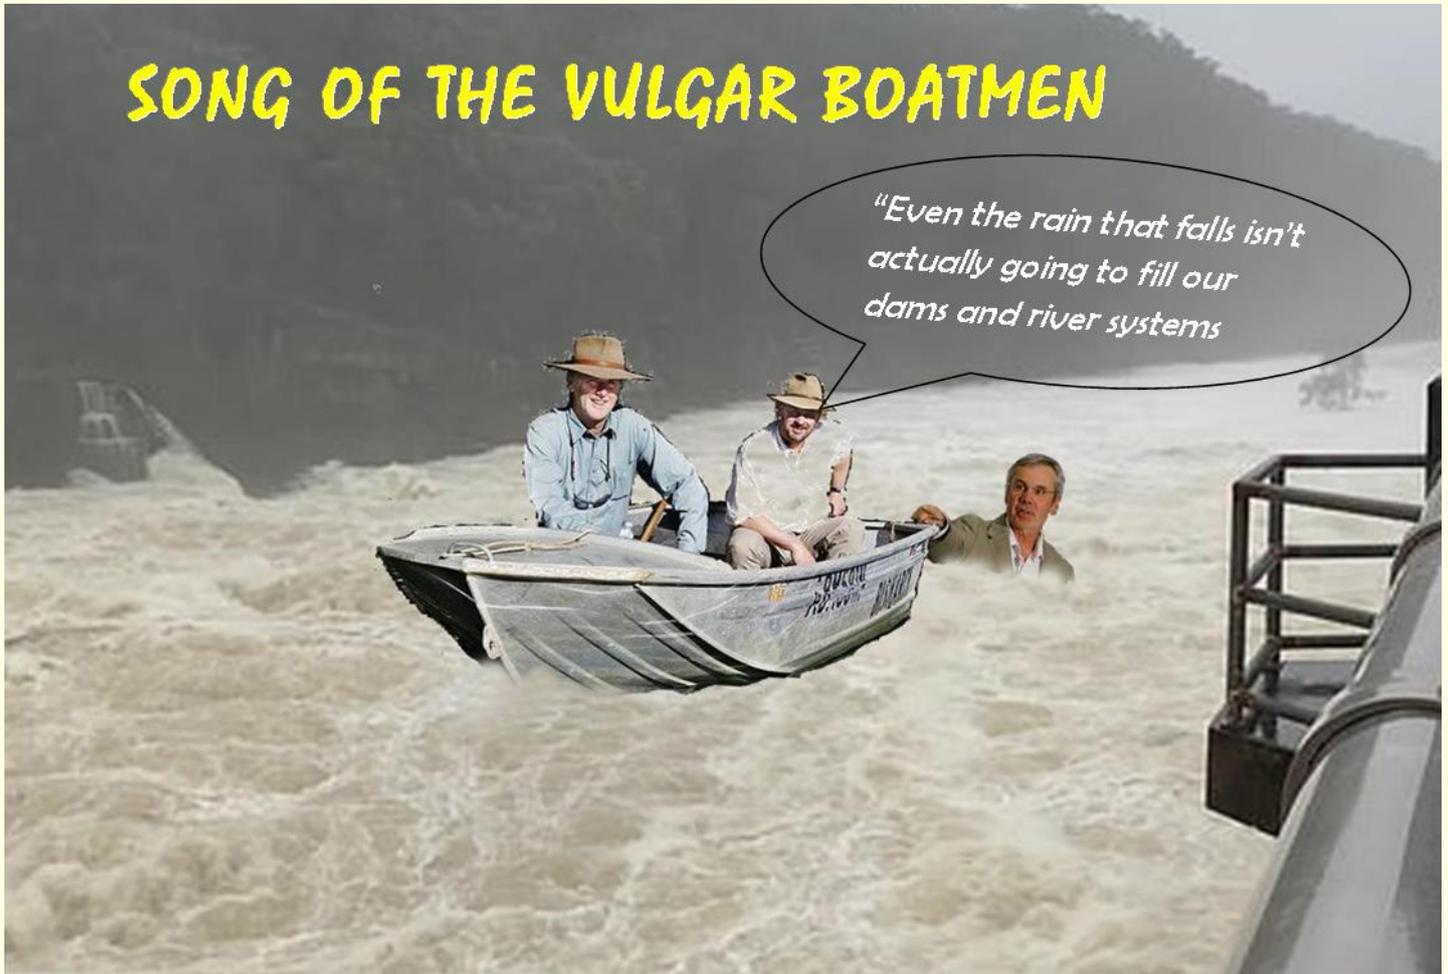

This is an avocado farm

This is a **SUBSIDY farm**

Renewable Energy & Climate Alarmism Lies, Myths and Legends

**REMIND US ALL AGAIN of the gullibility,
hyperbole and ignorance of alarmists**

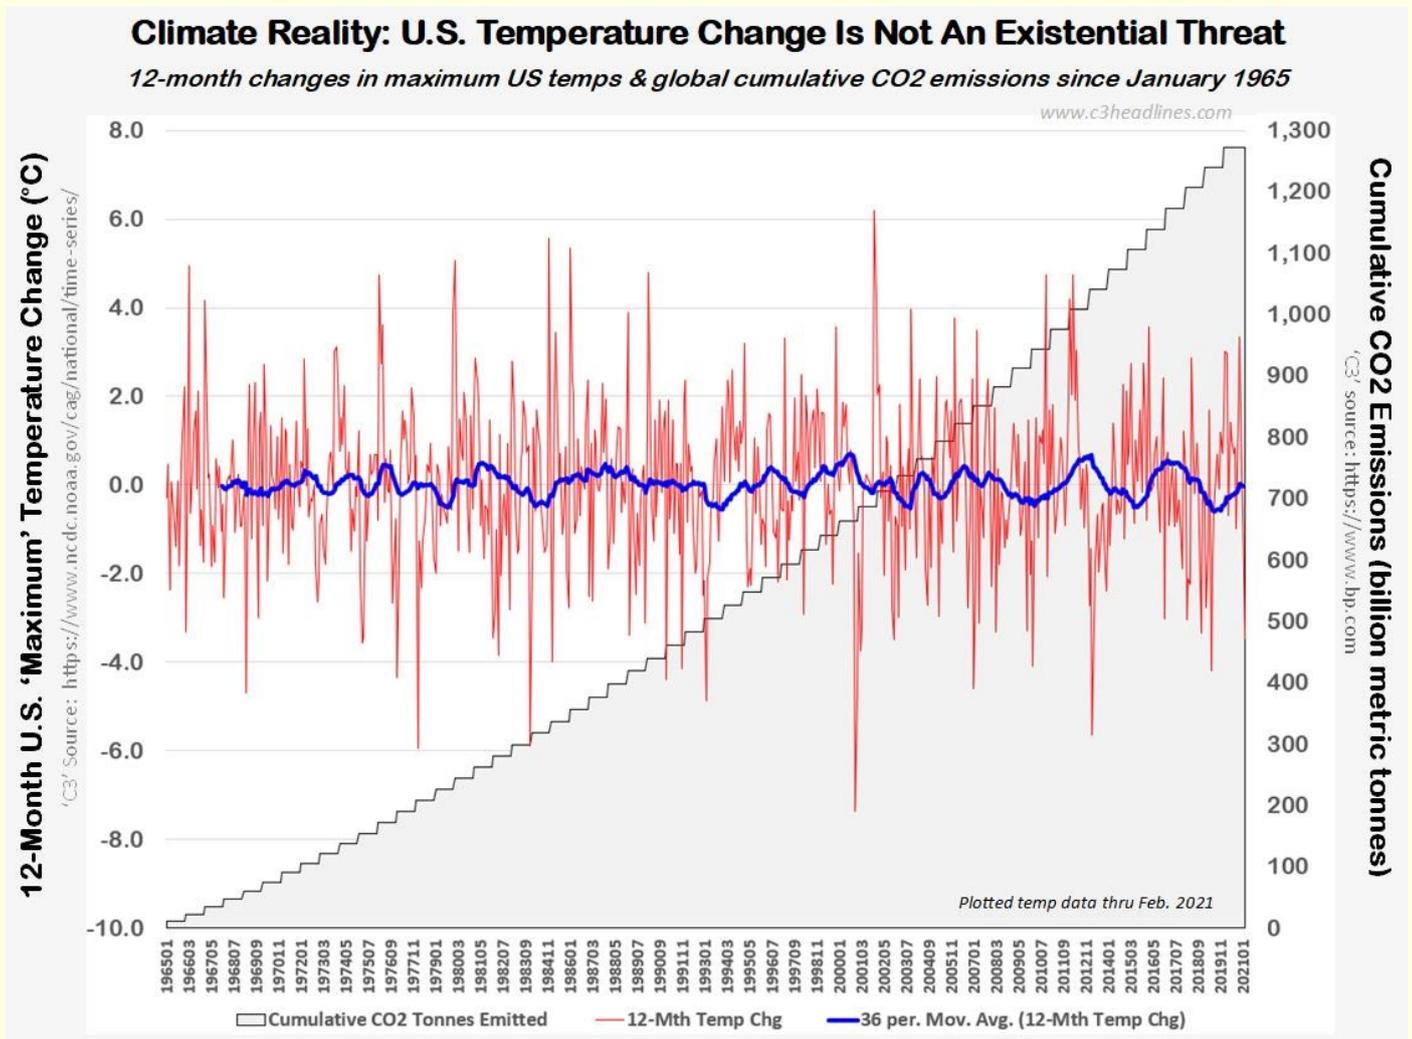

Messrs Doyle, Flannery and Steffen adrift downstream from Warragamba Dam, March 2021—thanks to Geoff Brown for captioning

Renewable Energy & Climate Alarmism Lies, Myths and Legends

REMIND US ALL AGAIN - Why do we need renewables?

Oh yes—renewables are supposed to reduce CO2 emissions so that the world will stop warming because of those CO2 emissions

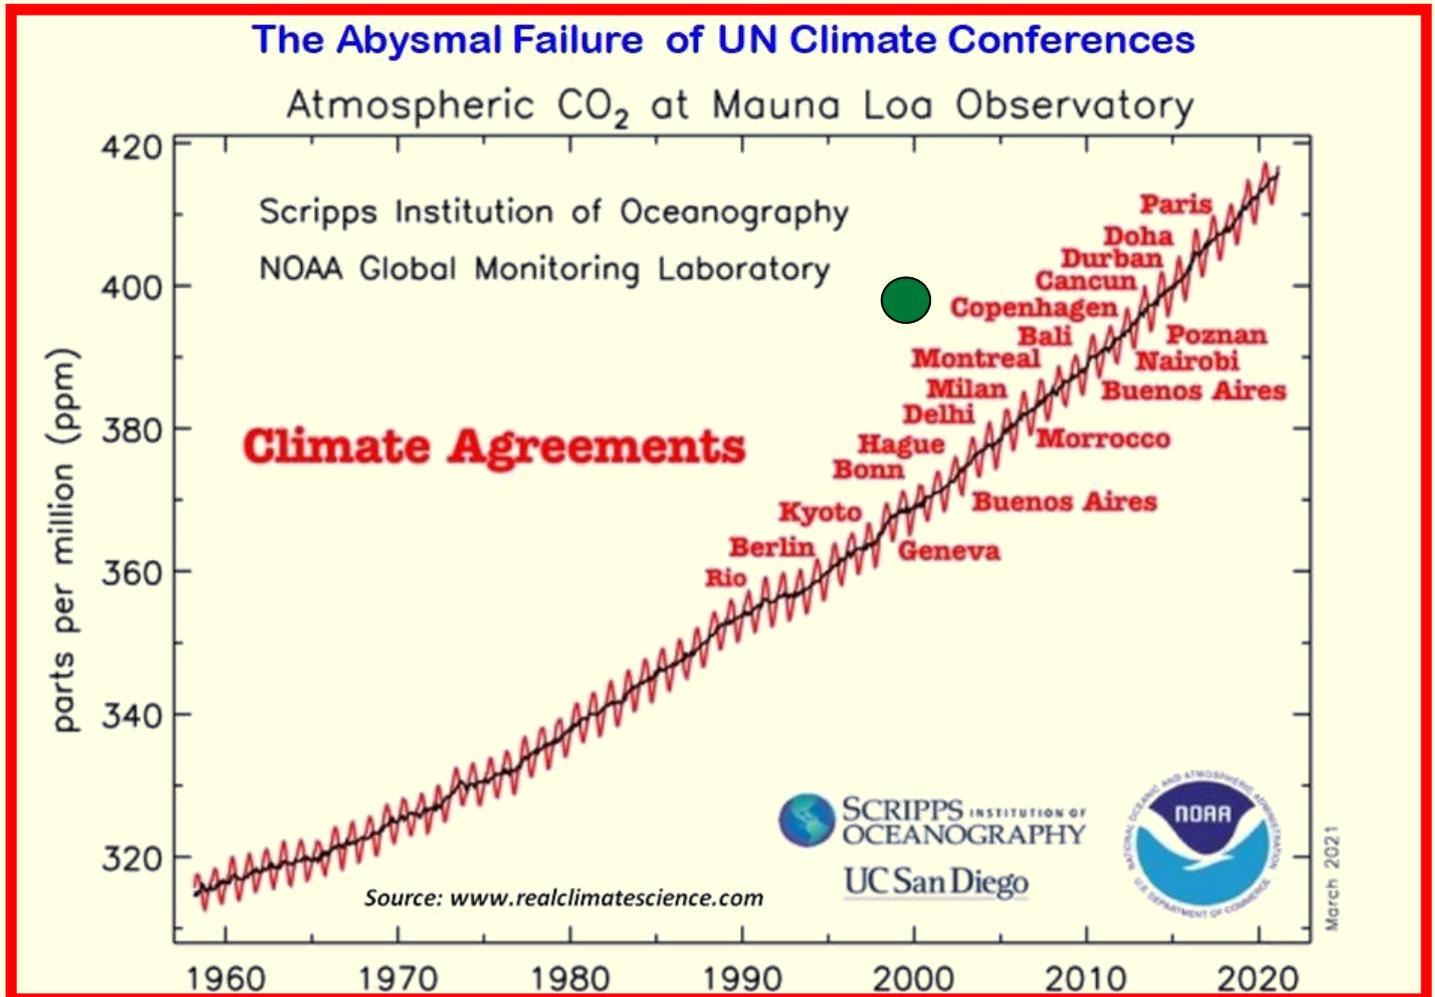

How to explain then that there is NO warming evident in the US since 1965, DESPITE rising CO2

Believe it: There is NO CLIMATE EMERGENCY

Believe it: 'Zero Emissions' = ECONOMIC SUICIDE

Renewable Energy & Climate Alarmism Lies, Myths and Legends

REMINDE US ALL AGAIN - Why do we need renewables (2) ?

Millions of \$\$\$\$ to achieve NOTHING
And we learn a new word—**RATFU**ERS** !!
