

Discoveries in the Tasmanides Postponement

Discoveries in the Tasmanides - Postponement

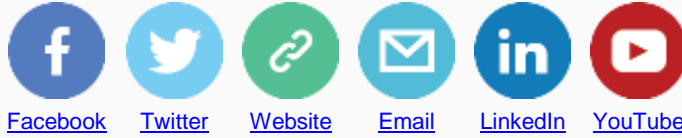

The COVID 19 situation in NSW and the current and expected interstate travel restrictions have obliged the Mines and Wines 2021 organising committee to postpone the Conference for six months. The hope is to move the conference, as organised, to a new date. The placeholder date for the rescheduled Discoveries in the Tasmanides is 9-13 May 2022.

The committee will be in contact with speakers, sponsors and booth holders over the coming two weeks to address financial and administrative issues associated with the rescheduling.

Doug Menzies
Chair, Organising Committee
