SMEDG - 2022 - Golden Jubilee Conference 25th August 2022 Sydney Australia

50 Years of SMEDG and Mineral Exploration

The Sydney Mineral Exploration Discussion Group (SMEDG) will celebrate its 50th Anniversary in 2022.

A **SMEDG Golden Jubilee Conference** to mark this milestone will be held in **Sydney on 25th August 2022**. The Conference will review 50 years of NSW mineral exploration including the development of the science and technologies of exploration-targeting. A list of eminent speakers will present a quality technical program. The legacy of SMEDG and the future of mineral exploration will also be on the Agenda.

The Conference will be followed by a celebratory dinner which will include the presentation of **SMEDG** Life Membership Awards.

See you in Sydney in August 2022.
